#10 The Strongest Combination

Sorry for keeping you waiting, Aya.
Same as usual. Always rushing into the fun things.
What are you doing here?
I'm joining in too!

Hehe
Omi told me everything
That old guy investigated you for me
He probably talked to Omi
And so Omi told me, "I know where Aya-kun's living now."
He said, "You look like you want to join him, Ken-kun."
And I said "Yeah!"
And so...

"I'm praying for your happiness."
It's a surprising change for that blockhead
How could he just quit like that?
.....
I see...
If that's how it is, Ken...
Were you were overpowered by your lingering affection?

Wouldn't it be a good idea to start now?
My deepest apologies for interrupting such an emotional reunion, but.
With this, I can simply shrug off everything! Not even a single cloud remains in my mind!
I feel as good as new!
Yeah!
From now on, I'm building a future with my partner!
The person I am today has nothing to do with the past!
This is my decision!

Ken, formerly of Weiß.
Aya, the same
Well then, let's begin this reborn battle.
Against us are KB.
Michel.
And Chloe.
Again, remember that this open air battleground has been constructed to look like the forests on the Gwynedd outskirts.
We'll also give points for carefully thinking about the battle site
Even though it's not real, take winning or losing seriously
Note: Gwynedd is an area of Wales

The rules are simple
A rose is pinned to everyone's chest. If the petals are scattered, you lose
Finally, even if only one team member remains, that team wins
This is a three on three battle
...No one is coming to challange us
There are signs they are close, but
Oi, oki mani
Can you really fight?
Your secretary is going to be attacked too...
Is that really okay?

It's a mistake for 'Weiß' and other organizations to make decisions like that.
Until now, I have only seen you fight alone while I've watched from a distance.
I don't care.
Doing things that way is a mistake.
Due to this, even the top levels, including myself, don't give up knowing how to fight.
Okay!
!
Ken!
However
Because of my many years, I can't do this every day of the year.

Excellent, KR
.....
Scary~..
I'm the mission planner
But also an excellent Amazoness!
But of course.

Such a big difference to your Weiß secretaries!
Until now, this hidden group were pretty flashy...
That's it!
Ken!
I'm leaving that other person over there to you!
Huh!?
I I get it!
Not bad...
Even if this is just a performance...
KR.

My pleasure
This time, I'll be able to see your abilities properly
However, don't you think it's bad idea to take your eyes off my elderly self?
Gah!
The old guy's in great shape!
Seems so.
What's more—
Isn't this battle exclusively for your benefit?
And so, since you said it's three on three—
The star of the show is really—

Behind...
...and above...
...us!

I'll break your rope!
I won't forgive you just because you're a kid!
Impossible!
My "rabbit tail" is custom made!
...gh!

Bastard!!
Wait!!

...too violently, won't your old wound be reopened?
If I scatter the petals pinned to your heart
No, sorry
My attitude keeps me going until the point of death
A Japanese Samurai and a Japanese Ninja?
Hn

gh!
Very nice!
Not at all
Nothing can be done about the state of my body
YOU!

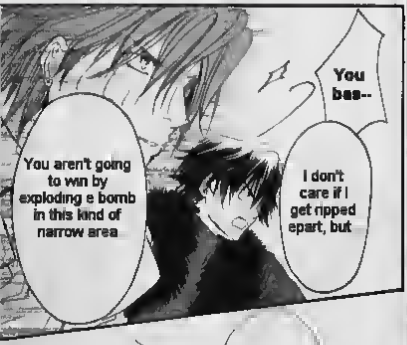
Wa...!
Wagh!?
Huh?
Hyo!!
Ah.
Pi!

You should think about weight differences.
And on that note, we won't make mistakes like that on the battle field again~?
Yeah
Thank you!
But hey.
Tha was also part ot my plan! ♡
A quick response, as usual
But too bad.
My apologies for my rudaness, KR

...gh!
It's useless, Ayal
A two on one ratio is rather bad
Not that it matters

Aya's handicap is too great!
Hey, old man!
That was pretty good!
Aya!
Shit...
Chloe!
Ahead of them is
Mm
That's true.
And so...

Because those two are extremely strong together
Ahead of them?
Yes, a little device.
Chloe and us did it.
!!



You bas--
I don't care if I get ripped apart, but
You aren't going to win by exploding e bomb in this kind of narrow area

Cage of cusp.
I don't want to mud-wrestle two opponents at once

You mean like this?

If it catches fire, we'll be in danger if we don't do something.
Above is sealed off!
They were pretty thorough

!!

And Chibe was also saying that he wanted to see
Aya's true power
So they will
Nevertheless, I have a feeling that the handicap is too great
Ooh
This is rather good
If they do something stupid
Oh my all this ash!
the sprinklers will turn on
Even with your Ninja, you can't cross this kind of distance
Well, what will you do?
.....
Ken?
Really, Aya. When I'm with you, theee kind of things always heppen!
~~Argh~! Honestly!

...This is sudden
Even now, when it's super-dangerous, you're thinking about how to do this
alone!
You're always selfish and never say anything
You never make excuses or rely on anyone else
Anyway, we've one chance to win or lose
I was right
I wondered what I had left
I did a lot of thinking by myself and
Since we parted ways

I lived with my only memories being those of a mere murderer
When you left Japan, you said you'd continue to live the same way as always
Well, without Weiß... What about me?
Those were my only thoughts
As long as I'm breathing and my eyes are open
Even if it's unpleasant, I'm still going
I'm still alive
But I was wrong
I was me

That was why...
I decided to travel to the place I most wanted to go to.
Aya, it was where you were.
KR?
That's why you chose to be here, didn't you?
I understood better after talking to that old man.
This place is different from the places in our past.
And so my safe haven is here too
I need 'Shinigami Aya'.
This is my answer! Your views on the matter have nothing to do with it!

Such selfish words.
Just like an intrusive wife
Can you talk about other people?
Shut the hell up!
I'm saying I'll be useful to you!
You don't understand!!
...Do whatever you like!
I will!

But it doesn't seem to have produced any battle tactical?
Your team has had a nice long chat.
Aya, this is the second time I've seen you with a broken sword.
However!
If your weapon's blunt, you won't be admitted!
And even wounded, your movements are worthy of my praise.

Something at this late hour!
It's 'KR'
Shut up and watch us!
Catch, Aya!
Oi, old man!
"Shion"!

Your katana!

You think you can win now that you have weapons!
...Foolish!!
Not quite!
Aya!

As I said...
I'm trouble even on the verge of death.
Go!!

Whew!

Did you see...
Any value in us...?

Yeah
Is that the cross you talked about?
I met
Youji
He's alive

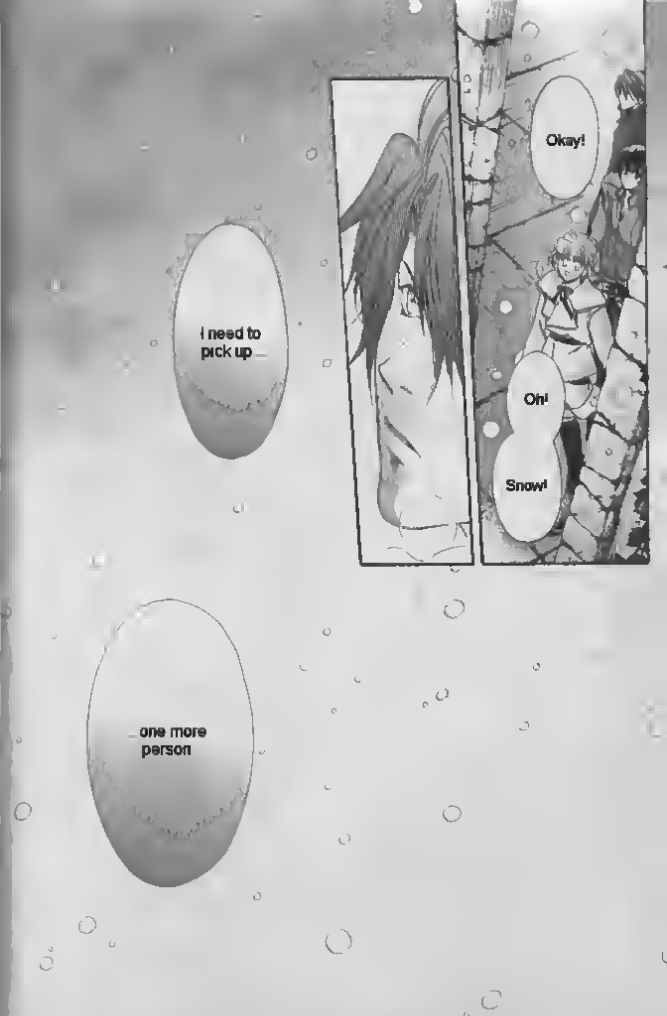
He was in good health, you know?
And he married a woman
But he's forgotten...
...everything...
His memories won't return
When I visited, he didn't recognize me at all
I told him 'I'm a friend', but...
...He didn't understand
However
He carefully held onto your sword
I don't really know why

But I have a feeling this isn't mine
To its true
And so
Would you mind returning it?
...owner.
The owner...
...calls himself 'Aya'
Aya
...this...
...to my friend?
Would you mind telling

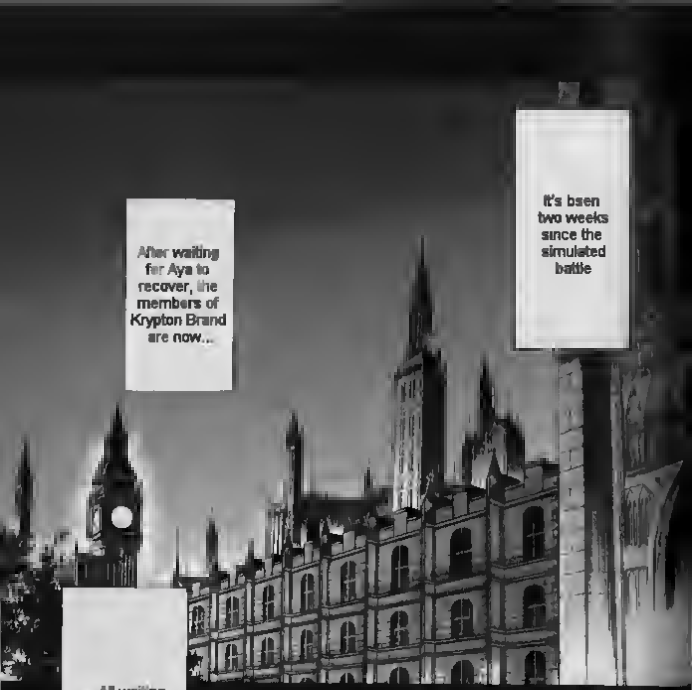
If he's happy...
I'm glad...
'Thank you...
Of course
And I'm really sorry...
...about its late return.'
It's something like that.
I felt sad, but...
I was also happy...

*Arigatou means 'Thank you' in Japanese

That word
I hope to hear it once more



Michel says yuki which means snow
That reminds Ayeri of someone



It's been two weeks since the simulated battle
After waiting for Aya to recover, the members of Krypton Brand are now...
...All waiting to start new missions.

#11 A Mask of Raw Skin

America, New York
Is this the right way?
Where that guy who told you about 'Orphan's' base is?
Yeah.
'Yuki'?

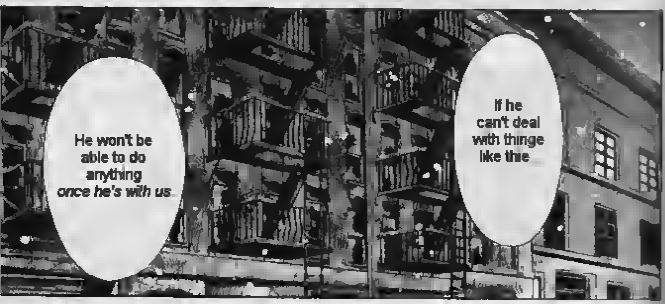
From 'Orphan'...?
Ah, that kid I saw you with previously.
...That's right.
The group called 'Orphan'...
...were raided and destroyed by 'Blue Eyes'.
They were invaded because of the free spread of the medicine.
Then a certain man betrayed them.
...that time, KB dealt with cleaning up after that drug
"Orphan Drug"...
Perhaps...
Or perhaps there's zero connection with you.

What's the name of the man who betrayed this 'Orphan'?
However
We also want you to do your job at the same time
You will be the one to deal with that child, Aya
He'll be entrusted to your custody.
I see
Understood
It seems *that thing* was very effective
The medicine that drove him insane
Was he the only one in 'Orphan' that took it?
What's he doing...
...Now?

I see

If that's so, we have nothing left to talk about here

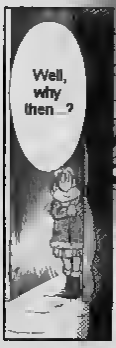
Akagawa, was it?
KR isn't trustworthy enough
Back in England, it was almost as if he was saying 'if he's alive, kill him'
So
After all this, what're you gonna do?
Are you really going to meet him?
I wander if it's really a good idea to come back here
He was Yuki's adopted parent, wasn't he? And then...
Although he betrayed Aya
Wuh—? You said you'd come here to—
Ah well
In the end...
He'll decide for himself



He won't be able to do anything once he's with us
If he can't deal with things like this

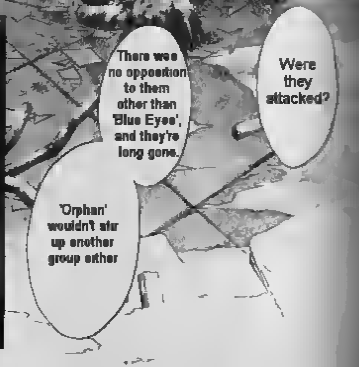
It's
it's completely burned out!!

What's wrong?
!



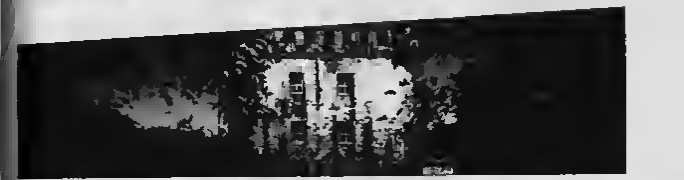
Well, why then...?

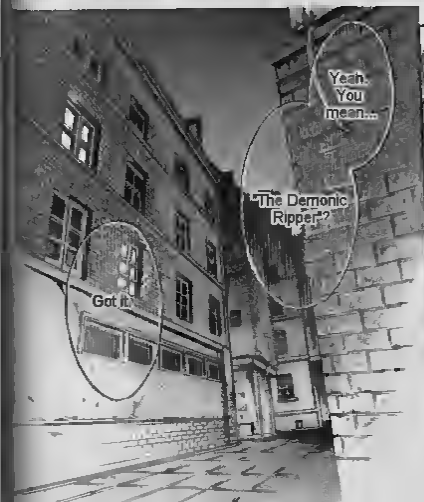
Ah.



There was no opposition to them other than 'Blue Eyes', and they're long gone.
Were they attacked?
'Orphan' wouldn't stir up another group either

Nii-chan is an affectionate way to refer to an older brother. Unrelated in this case.





Didn't ya leave N.Y.!?
Hunh?
Well, if it isn't Aya!
Uh
Thanks to that, this place changed into this
Slap!!
Did you see the boss? It was terrible
Hn
Doctor D...
You're still alive
Smart one, aren't you!
What the hell happened?
.....
The remaining members of Blues Eyes who were hanging out here suddenly disappeared
No idea. A little before you arrived

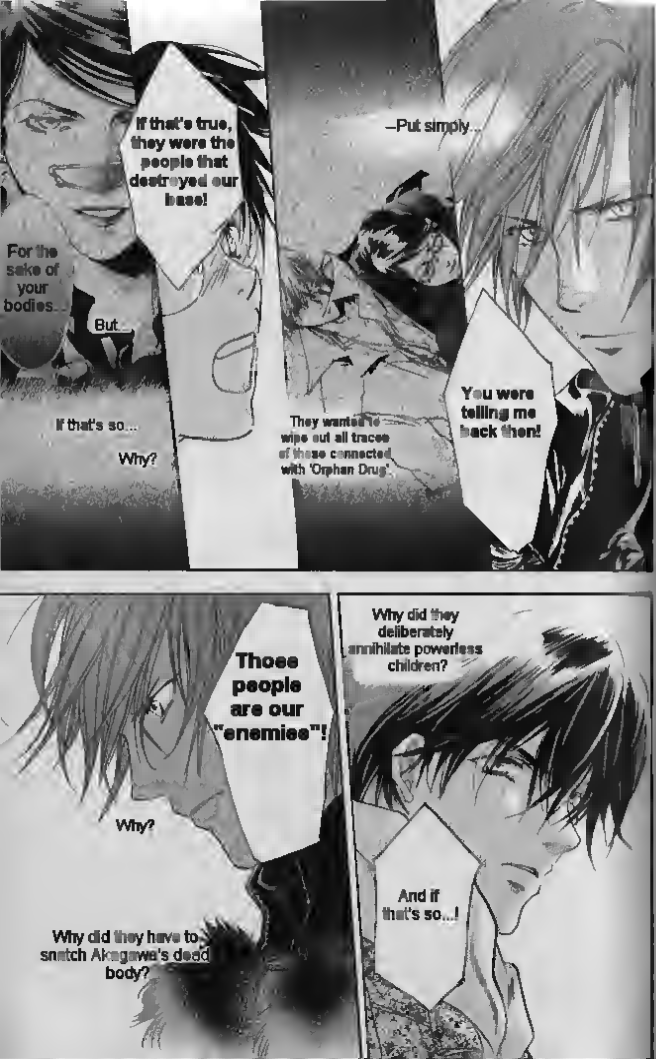
We know neither who did it nor why...
But those inside got cooked...
And then, the evening before Yukr was going to...
...hold a funeral service for Alison and the dead, fires started here and there around our base

What the hell is happening around here
I... have a bad feeling about it all...
Yuki did his best
But they'd already left without leaving a trace for Orphan
Aya
This is...
Doctor!

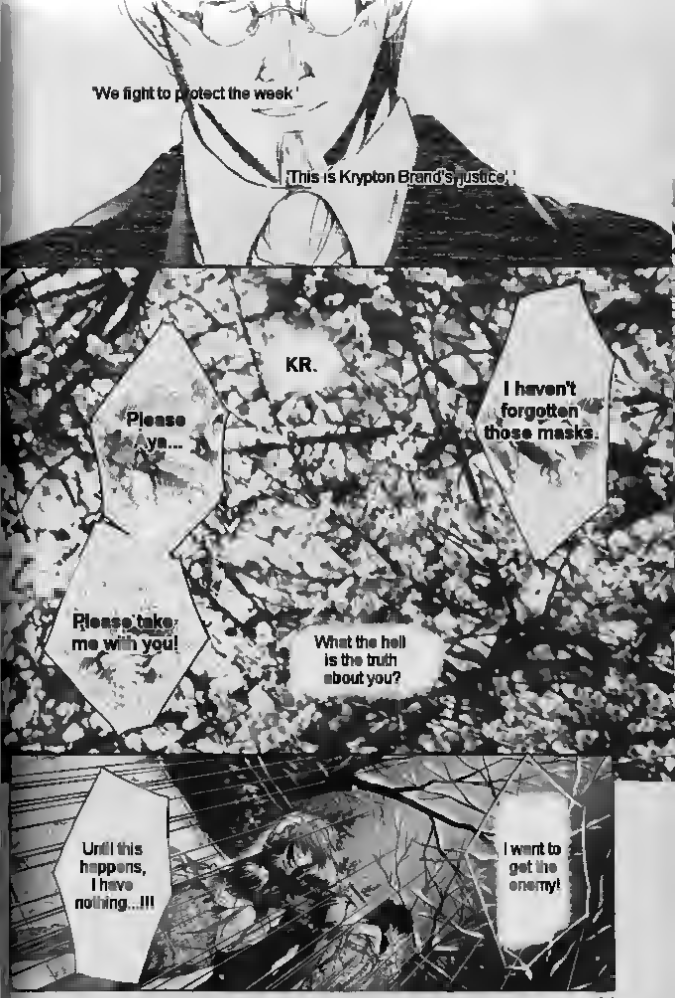
Yuki
...Hey.
Aya...!

This place is the graveyard of Alison and the dead now
Except Akagawa.
Because everyone...
... was burned.
That night...
We thought it was strange, but left immediately.
It was unexpected
Somehow, his body was the only one that vanished.

I want that power
I'm sick of it.
Once again, I wasn't able to protect anyone
I don't know anything...!
I can't do it as I am now!
Back then, when those people attacked Blue Eyes...
'Who' were they...!?
Please tell me if you know...!
Eye...



If that's true, they were the people that destroyed our base!
For the sake of your bodies...
But...
If that's so...
Why?
--Put simply...
They wanted to wipe out all traces of those connected with 'Orphan Drug'.
You were telling me back then!
Thoee people are our "enemies"!
Why?
Why did they have to snatch Akagawa's dead body?
Why did they deliberately annihilate powerless children?
And if that's so...!



'We fight to protect the week.'
'This is Krypton Brand's justice.'
KR.
Please ya...
I haven't forgotten those masks.
Please take me with you!
What the hell is the truth about you?
Until this happens, I have nothing...!!!
I want to get the enemy!

AYA!

!!

A
domino
mask...!

A demonic ripper appearing in London these days !
—Honestly
In this kind of place...
Why do you say that?
Ah
Anyway...
We won't lower ourselves by copying him.
"Jack the Ripper"
Do you know who that refers to?
If you do, we must be in Jack's area

Aren't you interested in joining us
'Jack'-kun?
Chloé !
!

Go..gh...
Gagh...
...I terrorized the public for too short a time...
Hey.
All right.

Mmm
I can't unfasten it easily
Sorry, Chloé. Just a moment
Maybe moving his leg ..
Take it slowly
UWAGH!!
MICHEL!!

No way!?
Get out of his path!

!
...gh
This man...!

He's... a...
Kugh
...Monster!

...Yeah...
Hm? For making a mistake about somsthing?
Sorry
Y...Yeah
Are you okay?
.....

Is it dead?
It's not floating to the surface...
Hey Yuki!
Are you alive?
!
This kind of thing will happen sooner or later?
You know that if you're serious about coming with us...

And so...
If you're coming with us...
That atmosphere of death comes too.
Aya! Your timing was just right--
What is the meaning of this, Mihirogi?
What the hell is going on and what are you people hiding?

We don't have the time for this!
Listen...
Our team was attacked by a "masked" man
I?
What are you talking about? A mission is also about to start over here
It's urgen--
Don't play innocent with me!
He was hunting Yuki
He may have been the same man that attacked 'Orphan'
If that's so...
Krypton Richard has always said that justice meene protecting the powerless
I'm asking you...

You're calling it "justice"!?
I've no interest in treading on the weak for the sake of your goals!
Your answer is
No!

According to what you said, we'll finally be able to see this person
Only this is the truth.
So our first mission together is to strike at the true enemy...
Please, if you're still distrustful of us, find out with your own eyes on your return
Because the target is now in the UK.

#12 Rusted wings

Progress Report

The incident in New York, when Orphan were attacked by another group,

could be connected to

the Ripper case in central London, England.

At the current stage, we're establishing whether there were any common features in the two criminals' appearence and their mode of operation.

The keywords are

'Orphan Drug'

and

'Domino Mask'

We think something like an organization must be backing these criminal's movements.
Look at these two keywords
Obviously, their intention is to provoke Krypton Brand

This drug's street name is...

We've already put time and effort into investigating this drug and driving it off the market.

We think it's being manufactured here, in the UK.

Up until recently, it was reaching certain other countries little by little. However, it's now pouring out of Britain.

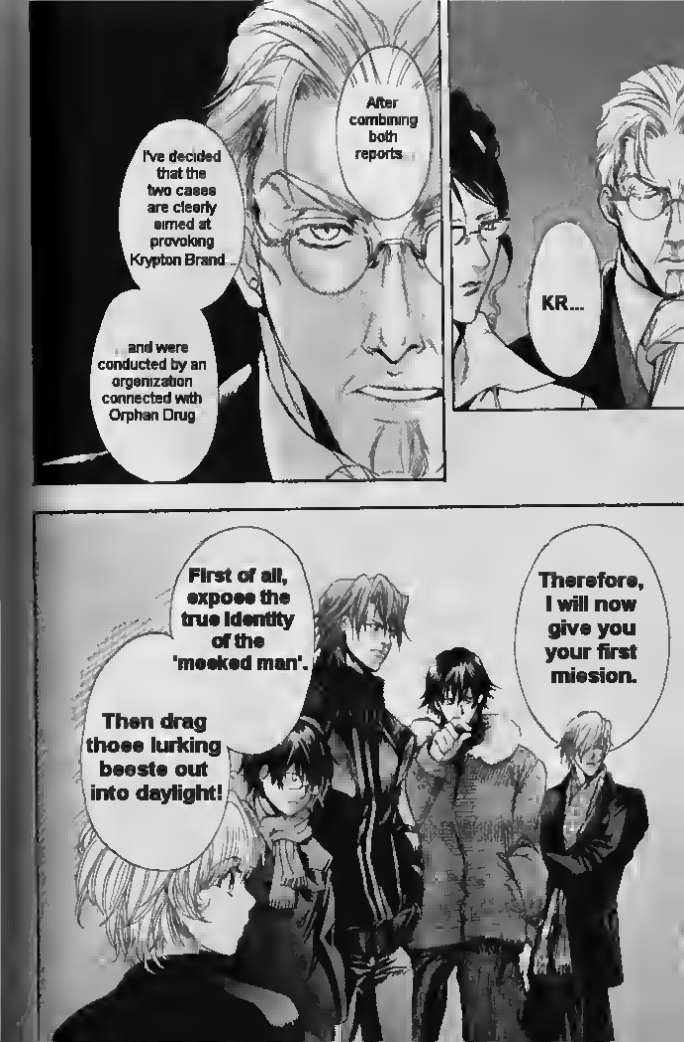
'Orphan Drug'

The number of different effects that the drug has are still unknown

Since it's called 'orphan' though, it's likely it's unrefined right now

And so, we struck those at the "top" of the supply chain.
What we're also still trying to discover about this medicine is...
We met you at exactly the same time.
Yuki-kun?
"Who?"
"Why?"
So you're saying that the person who raided Orphen is a different person?
...If that's true, why was that criminal wearing a mask?
That's correct.
Right now, they're producing and spreading a faulty product and we need to expose them.

Michel and I managed to evade the katana of the sama "masked man" over here
Perhaps at the same time as you
We attacked critical areas of his body many times, but he kept getting back up again
He was no child of God, but the devil himself
We want to know that too
Aya
Chloé?
The 'domino mask' is KB's trademark, but
there's no undead on our frontline



After combining both reports...
I've decided that the two cases are clearly aimed at provoking Krypton Brand...
...and were conducted by an organization connected with Orphan Drug
KR...
Therefore, I will now give you your first miesion.
First of all, expoee the true identity of the 'meeked man'.
Then drag thoee lurking beeste out into daylight!

You're called Yuki-kun, aren't you?

You will certainly see the real enemy yourself
...and with your own strength
It's okay for you to go along with Aya and the others

smile
Excellent.

...
I've got it.

What do you think?

If you truly believe us to be your enemies after that...
You can take us on, fair and square

Well, you're on our team until then.
Best regards ♡
7°
Evsryons, pick up your squipmsnt.
Ths mission will start as soon as you'rs rsady.

...Now go!
Protect the lives of the powerless and..
Destroy those who defile Krypton Brand's name!

Krypton Brand
Team SideB
God Speed you!

I've started to trace the movements of the masked men.
He's slowly moving west.
?
Didn't he drown in the Thames?
Well, perhaps
But for now, he's wearing s necklace we gave him
His movements are strange.
When he flees London, he goes north-west.
And then he returns for some reason.
He's repeatedly going back and forth
If he's trying to lose us his route is too consistent.

However, he's still moving, even with mortal wounds...
It's predicted that he will arrive just ahead of you, where you can apprehend him.
Please be very careful!

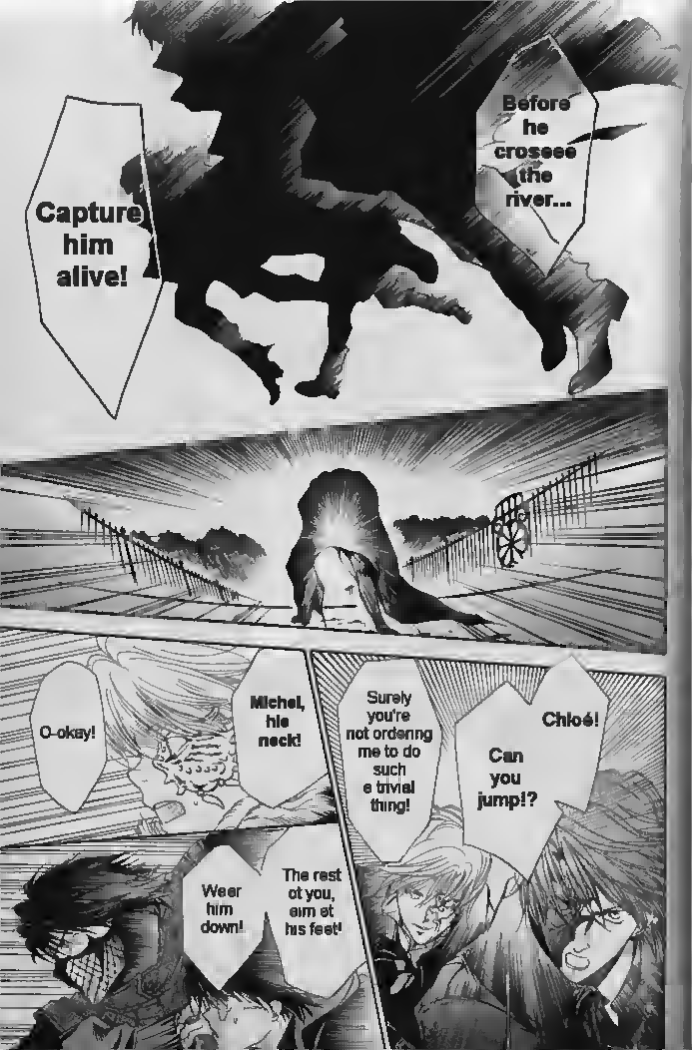
You and Aya are both Japanese, aren't you?
Ken too, right?
Um...
...Yuki?

...I've nothing to talk to you about!
You don't speak the Queen's English, do you?
Well --
Shut the hell up!
My home was far north from here...
In Ireland
But, I don't remember much before I came here

You can see in dark places
And hear Nana's instructions
Um, like this mask
Because it's useful, it might be a good idea to wear it?
Mm
Well, only the essential things then
And communicate with the rest of--
SHUT UP!
I despise that mask!
My group was killed by a man wearing that kind of thing!
And even now, I haven't said a thing about joining yours!

Sorry.
.....
But...
...if nothing else, believe this...
And it's really obvious!!
One by one, you've all come to stick your noses in my business!
...will definitely protect you tonight...
That mask...
And so...
...I still consider you a member of the group...

... We've got him!
That bridge just ahead!



Capture him alive!
Before he crossss the river...
O-okay!
Michel, hie neck!
Surely you're not ordering me to do such e trivial thing!
Chloé!
Can you jump!?
Weer him down!
The rest ot you, aim et his feet!

RYAAAA!
OH...!
HEY~!

I know you're tough, you bastard!
I'll make you see double!
Clack
Ugh...
Yuki!
Keep it up!!
This will be imposible
...Gugh.
Until I slash his leg tendon!
Agh...

Michel!
Wrap your whip around the handrail, quick!
Don't give up, do you!?
Okay!
Quickly...
Ken!

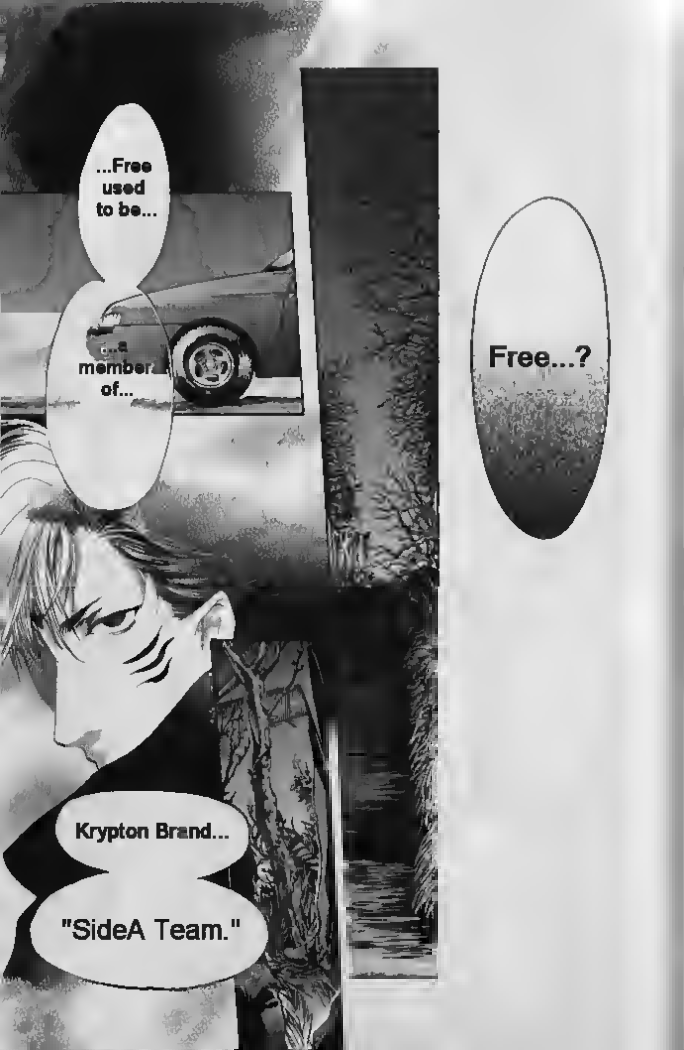
UWAAGH!
crack

Don't do stupid things like that, you'll smash your own body!
Shi...

AYA
...
!!

He's okay
GAK
HOK
He's still alive
.....
Whew
You stupid, stupid bastard! Weren't you capable of giving us a single word of warning!?
You bastard, Chloé!!!
Shut up yourself I stopped like I was told
glare
Eep
Don't you think killing him would be unwise?
Everyone safe?
Hey.

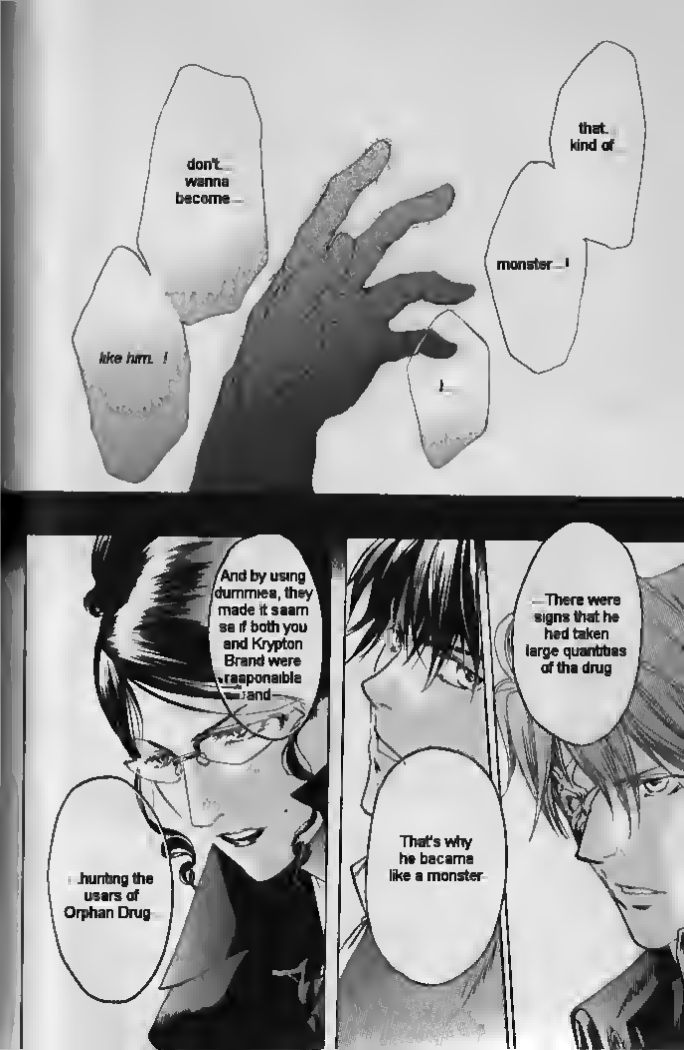
Doesn't he have the same face as that guy in New York?
!
This is...
There is surgical scarring...
Free...



...Free used to be...
...a member of...
Free...?
Krypton Brand...
"SideA Team."

They were the SideB team's...
...predecessors.
Even here, there were no more places left to search.
We lost contact with them during their last mission.
We didn't even know if they were alive or dead.
There were four of them.
They were extremely skilled and had perfectly completed many missions. But...
...And so that's why we were assembled.
After that, the missions were handed over to us.

...If the man's story was true...
Right.
If it were true
...Well, the face of the 'masked man' this time was...
...operated on to make him look more like Free.
Free must still be alive
stop
pl esse
cough
please
again
me
kil gh
don't
wanna return



don't wanna become
like him...!
that kind of
monster...!
And by using dummies, they made it seem as if both you and Krypton Brand were responsible and
hunting the users of Orphan Drug
There were signs that he had taken large quantities of the drug
That's why he became like a monster

There must be a reason they couldn't use Free.
Since they decided to bring out a faulty dummy...
And over there...
'Arclight John Mill'...!
The place the man told us about in his last breath.

Aya!
That's right Let's go, Chloé!
Now go...
Michel?
It could be a trap
...and rescue him!
The risk is too great.
But!!
Isn't that why Team B were chosen as replacements?

You are you!
You're not 'things' and no one is a substitute!
NO!
Yuki
In that time, find us a good invasion route
I'll wait five minutes.

Mithrogu
With Yuki's verbal guidance, can you agree on a route?
Hm? Okay.
If you vaguely know how to process fractals, it should be all right.
Understood
You can trust Yuki's excellent spatial awareness
Put on the mask
...gh, but...
I thought you wanted to become strong?
...That lady's words seemed to make him happy, don't you think?
sweat
Ahh, he's not very open
...
We've got it!
There are two routes!

The way to get to the factory is through a narrow and complicated dust duct.
The other way is through an underground water tunnel that goes to the research laboratory.
The front for this place is that of a cotton mill...
It's divided into two parts; a factory and, behind it, a research laboratory.
If our luck is good, we might find something connected with the drug
Chloé.
Michel and Yuki will go through the duct.
Well, off we go to search for treasure!
....
Now it's down to us.
Michel, please trust Yuki.
That's right.
I will!

I'll do my best to navigate!
The top priority is...
'Free's' rescue!
LET'S GO!

The other three...
...are infiltrating via the underground water system
Very soon they'll be underneath the laboratory!
Continuing the report.
Currently, Yuki and Michel are in the middle of investigating Factory A.

Understood
Please tell me as soon as you confirm your escape route
Well.
I will arrange transport.
You have my gratitude.
It all looks the same, so it's difficult to tell.
How long does this waterway go on for?

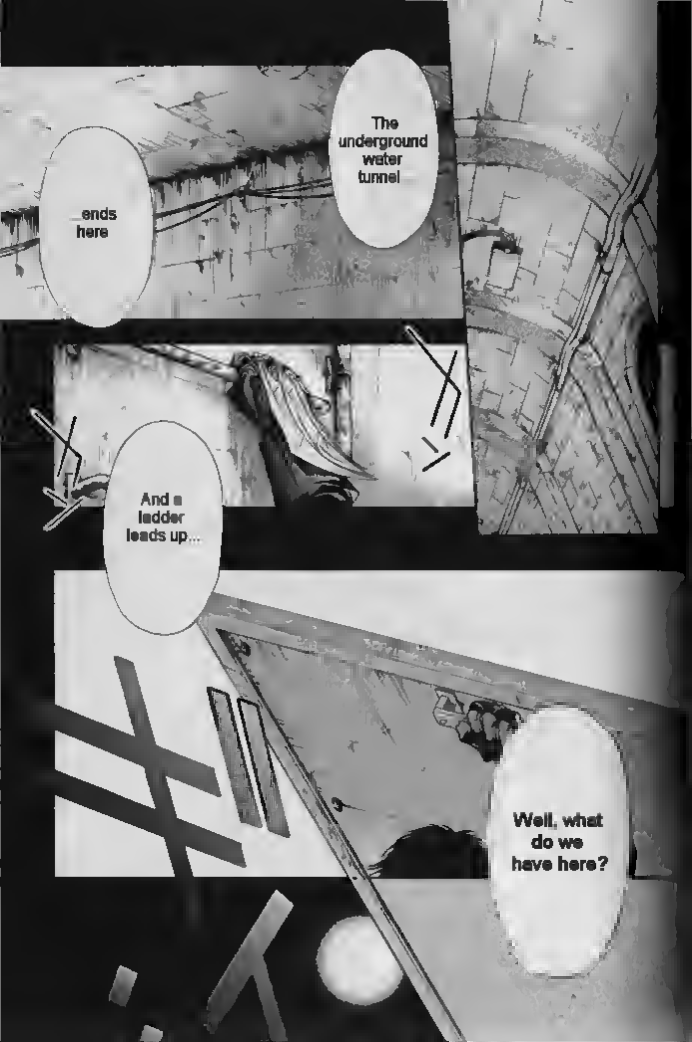
Since it looks like an ordinary factory from the outside
And so
If the dummies leave by the back entrance, they must come through here
A passage must lead to that entrance...
UL
WAH!
KEN!?
It's a huge...
Ah, a duct fan
...electric fan?
The contaminated air from inside the factory...
...is filtered and expelled outside.
An electric fan?
Hn...

Excellent
Chloé?
Yes, I'm finished
What did you do?
Oh
I see
There's little point in these two arriving if there's no entrance for them.
Some explosives
That's good enough for now
Yuki and Michel can meet you there
He's a little difficult to understand because he has no facial expression
Do you see?
I interpreted Aya's facs for you!!
grr
grr
Interpreting my facial expressions? What the ... hell...
"You two!"
"Don't you rsalize you're ussisss if you can't do anything but fight!?"
My point was...
!
What did you just say?

Ken?
Look carefully.
Look at the ledge close to the water.
Bi-ngo.
I can see the entrance.
There are traces of blood
They must've overlooked it.
Okay!
..I see
I wonder if there's a reason as to why you have the eyesight of a wild beast?
clatter!
What did you just se—
Please quiet yourselves.

A conspicuously unused door, but...
They overlooked a single hinge...
I can smell oil.
We've found it.
Yuki?
What can you see?
.....

Did they really have to make a special trip to Amance?
...Honestly. It's no use.
This is...!!
.....
Well, what could possibly...
...be waiting for us above?



The underground water tunnel
ends here
And a ladder leads up...
Well, what do we have here?

#13 Shame and Pride
A waste collection point...!?
This is...
.....!
This is...!

Usually...
The waste is thrown from the slope
And then, it's loaded onto trucks over there and taken away
An ordinary elevator...
I have a bad feeling about this
As I thought...
Over there Operating in the usual manner
Or so it would seem...
This place is unnatural
Shit, I really can't get excited about this

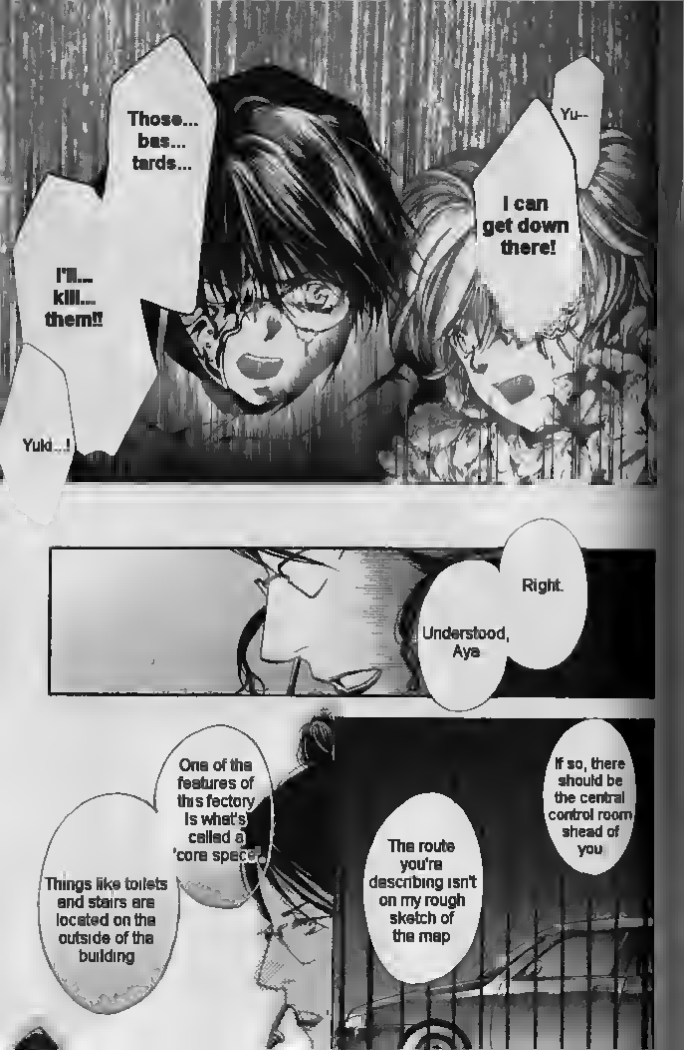
Chloé!
Yo
...It's quite an anachronism
It can't be helped
Come on, Chloé
Why must my path be through trash?
Why~ ?
This...
Is your philosophy of completing missions just a bluff?
...is it.
Hee Hee. Hee.
There's no beauty to this!!
Absolutely no beauty at all...!!

...All right. It ends with this one.
...This one...
...blood samples...
They're taking...
...Nothing but useless *kranke*.
All from the States, where we handed it out, aren't they?
The food must be pretty bad over there, don't you think?
The *junkies* are eating *junk* food!
Stupid things!
Ha ha ha
! Yuki!

'Kranke' is the reading given for a series of kanji that mean 'bodies that have been experimented on'. In German, 'kranke' means a diseased person.

Idiot! You should sort them properly!
Unburnable things go into the unburnable waste section~!
Hahahaha!!
If you don't quickly burn the bodies you've finished using, they'll smell!
—Hey!
Stop wasting time talking and hurry up!
Akagawa——!!

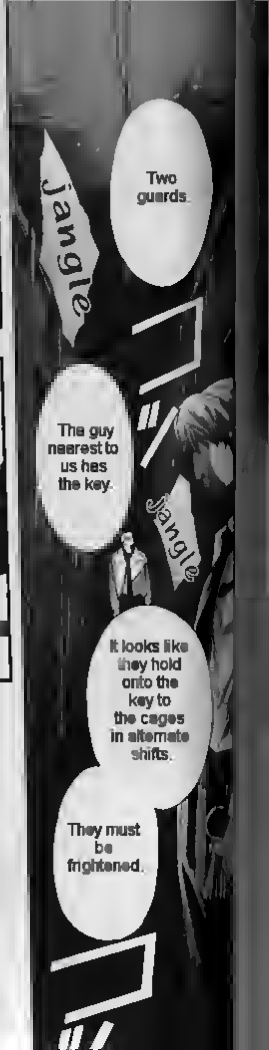
AKAGA...!
...Yuki!!
!?
What was that!?
silence...
.....
...Was that my imagination?
No need to worry about ghosts at this time of day!
Look, just do it quickly! Otherwise they won't make it in time for the next 'grilling'!
gag



Those... bas... tards...
I'll... kill... them!!
Yuki...!
Yu--
I can get down there!
Right.
Understood, Aya
One of the features of this factory is what's called a 'core space'.
Things like toilets and stairs are located on the outside of the building
The route you're describing isn't on my rough sketch of the map
If so, there should be the central control room ahead of you

If you block certain key areas outside...
No one can follow you.
Essentially, as long as you're aware of your route back...
...an enemy can't intrude.
Understood.
There's a thousand to one chance that...
If they've placed the central control room above the route by which they taken the bodies...
They may drop a bomber
If so, it will be put to good use.
Michel?
Thank
My gratitude.

This isn't a game
Hn They have a steady pace
Use their rhythm to count
We'll rush them the momsint they turn around.
They're noisy
チャ



Two guards.
Jangle
The guy nearest to us has the key.
Jangle
It looks like they hold onto the key to the cages in alternate shifts.
They must be frightened.

deux
trois.

Even the key is retro
Hey
Well

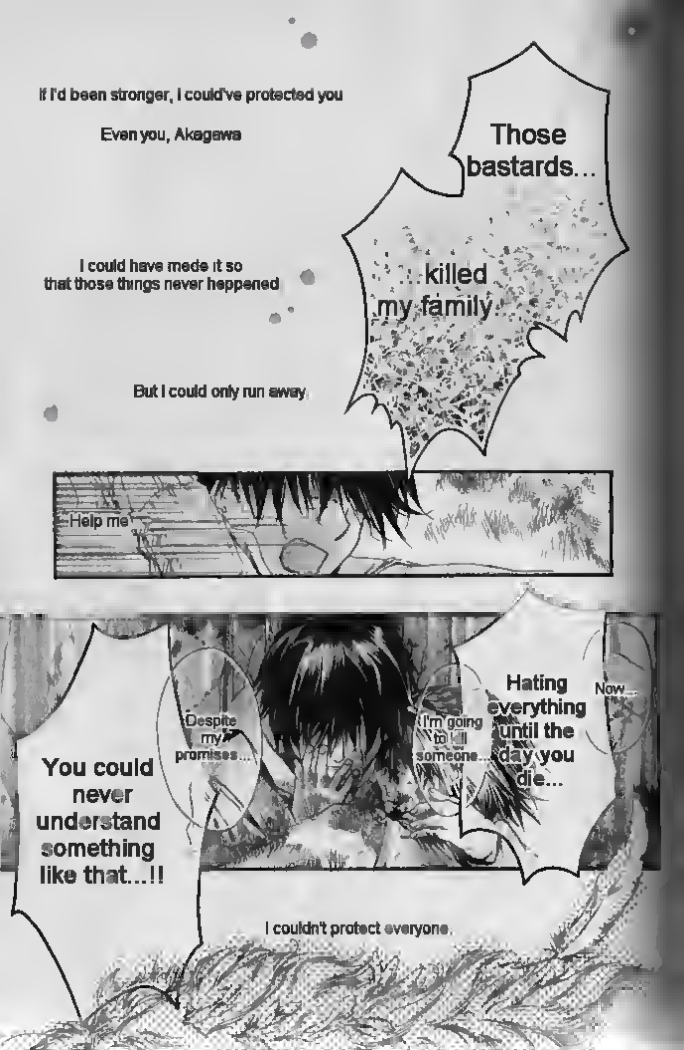
--Yuki!
Calm down!
Going down there... it's pointless!
Let go!
You saw it too!
You saw what those men did to Akagawa...!
They treated him worse than trash!
I'm going to stop them around with him!
It's no use!
I understand but... I understand but...!!
Michel!
Yuki!
But which one...
...is the original?

What's wrong!? Please report!
We saw the place where they take
Blood and tissue samples from them
Er... yes...
The people that were experimented on...
pant
.....
They're also collecting them from the dead bodies
They're going to incinerate them now...
When you do, there's something i'd like you to do for me...
--Understood Thank you
That's fine Please join the other group
buh...

Shut up!
My job here is over!
Get away!
YUKI!!
YUKI!!
Yuki! Michell?
What's going on!?
--What's wrong Mihirogi?
Did something happen to those two?
Ye—... No, but...
It's a little confusing.
Yuki has quite a temper
Please keep this line open.

We made it.
We're surrounded by a mountain of humans.
There's not yet any signs of surgery having been performed on them though.
Understood.
How is your group?
Good.
If we're going to evacuate as soon as we rescue Frea...
Those two had better join us quickly.

We'll get in everyone's way!
Yuki! Hey!!
There's nothing we can do down there right now!
Shut it!
I hate your damn optimism!
Eventually...
If we follow Na--KR's orders properly...
Eventually, the chance will come again for sure!
You'll never understand the way I feel!!
Sorry
Alison



If I'd been stronger, I could've protected you
Even you, Akagawa
I could have made it so that those things never happened
But I could only run away
Those bastards...
...killed my family
Help me
You could never understand something like that...!!
Despite my promises...
I'm going to kill someone...
Hating everything until the day you die...
Now...
I couldn't protect everyone.

AP
Because you've been through a hard time
...it's okay to do anything...?
...I'm trying...
Okay...?

You are 'weak'...
Right?
Right.
So taking revenge...
is just fine...?
no
That kind of thing isn't fine at all...
That kind of thing...

That kind of thing...
...will only...
...make you sad...
Shut up
.....
Shut up! Shut up!
Shut up!
You're crying!
For no reason!

We're in the middle of e mission right now
Boys
That's enough Stop fighting like children
If you don't quickly follow the route Nene suggests and meet up with us, you're e problem for everyone.
Previously, they said something about 'mineraling the dead'... It can't be...!
And we're waiting for you.
...Michel.
...We've found him here.

"Free".
The original...
Your pride...
And the enemy of your parents--...

The person we've been trying to rescue all this time...
...is the enemy of Michel's parents?
What did you just say!?
Yes. That's right.
KB"SideA" team.
"Free".

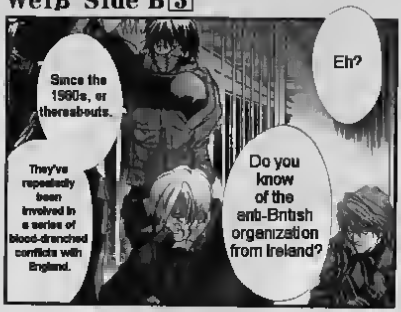
Even though he knew the names of his enemy...
He was raised with their protection.
That was Michel.
He took the boy with him.
On a mission eight years ago...
He murdered that boy's parents.
And so...

#14 He's my Daisy

Ken, Chloé, Aya!
Yuki and Michel are traveling through the ducts now
Soon, they will arrive at the underground water supply where you are
How long until they arrive?
Approximately ten minutes!
Take Free past the central control room
There, you can switch places with those two

You have approximately two minutes until the emergency generator is activated
Take advantage of the resulting chaos and escape!
Michel will temporarily shut off the factory's power supply
Understood
Your instruc--
If it becomes necessary, Aya...
This line is open to everyone so...

Chloe speaks German



Since the 1960s, or thereabouts.
They've repeatedly been involved in a series of blood-drenched conflicts with England.
Eh?
Do you know of the anti-British organization from Ireland?

"IRA"

Intelligence agencies such as MI5 and MI6 were involved...
Not to mention private militias like ourselves
It's really a battle between terrorists...

Michel's parents were...
The top members of an extremist group from Northern Ireland.

"I didn't receive any orders to kill the child."
Frea apparently said

The two never met even once

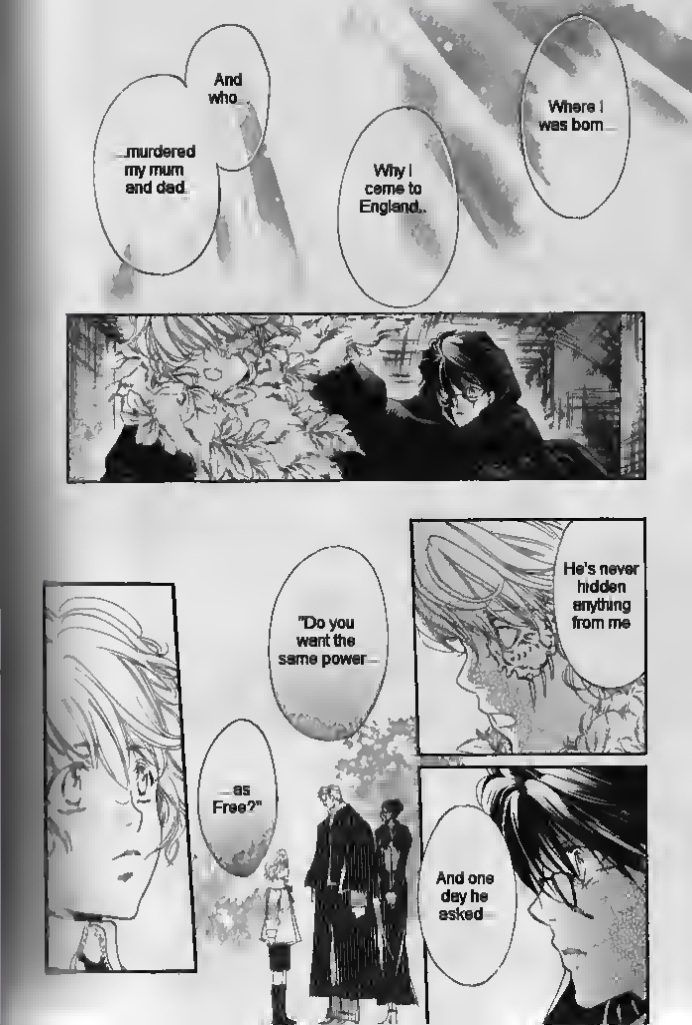
After that...
I heard that over the many years Michel spent growing up there

So KR took care of the child
He carefully raised him

has always told me everything

ever since I was small

KR



And who...
...murdered my mum and dad
Why I came to England..
Where I was born...
He's never hidden anything from me
"Do you want the same power...
...as Free?"
And one day he asked...

I said "yes".
For this reason
I gave him my answer
Let's hurry, Yuki!
Ah!
The exit is straight ahead
You
What you said
All right! We're finished here too
Honestly. They sure tied him up tightly
THUD
Those two should be entering the underground passage now

I don't know how effective the drug was, but
That's only because they're scared of him

Free?
Can you stand?

The dummies were deliberately created to be close to his power level
Scary!

Sea
Let's return to England
Michel is also waiting for your return

...We're members of Krypton Brand
We've come to take you home

'chel...?
.....
We'll escape through here.
Wow, we'll only just make it!
Haven't this one first time [illegible] called me by name?
What is it?
Eh?
Michel
That's right.
"Michel"?
Can you understand us?
...el...
Mi...
ch...

You're going to kill
Free?
Aren't you the same as me then?

Don't do it ... Michel!!

...GH A...GHI
...o Chie&!?
Quick

They've started incinerating the corpses!
Chloé!
The fan will start moving...!!
No problem!
I'm coming!

He's a monster too!?
This guy
The chains...!!
We're not your enemy!!
Stop!

Stay where you are, Aya!
Fall asleep!!
Since words have failed...

Ugh!
gh.....
AGH!!

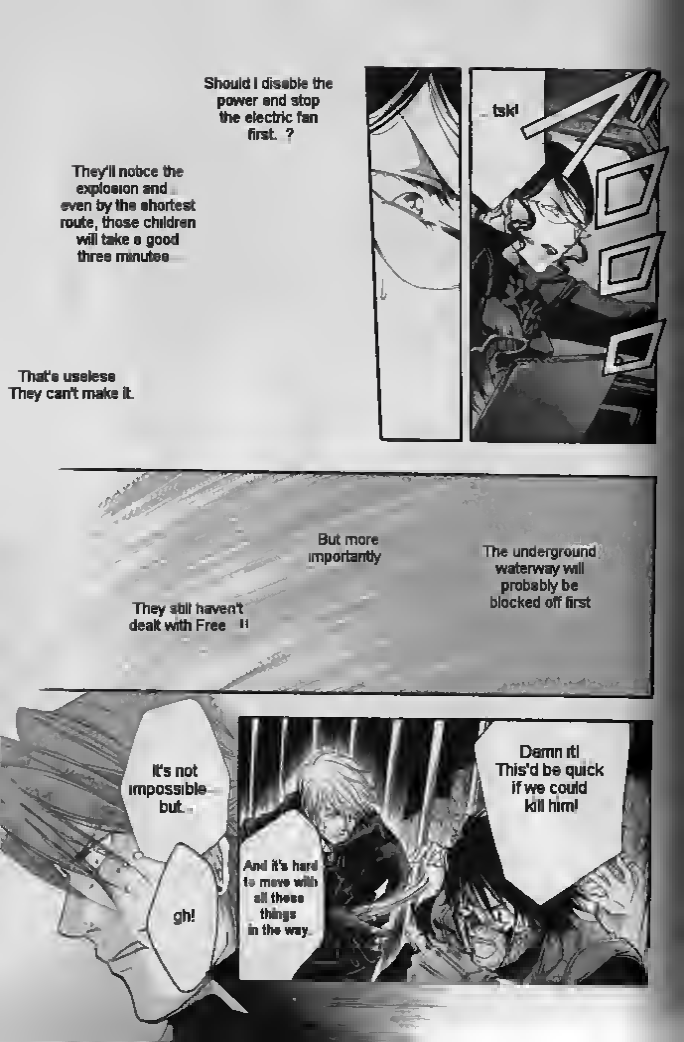
...gh!
Even aesthetics aren't effective for our frontline!
With someone like Free
Why is this!?
Da...

Both of you, your eyes!
...mnk...!

We did it?
Mihirogi!!

I'll kill Free!
Give me permission!
Let's go!
The fan going to start!
We can't do this leaving him unhurt!
He's completely insane!
Aya!?
!
Hurry up!!
We have to disable him.
Does 'K.B.' understand the meaning behind this? Nana?
Pl-

Wait, Aya!
Idiot! Don't stop!
No!! I can...
...Please stop!
Don't kill him!!
Wagh!
That draft...!!
Micha!!
Yuki!



Should I disable the power and stop the electric fan first. ?
tsk!
They'll notice the explosion and even by the shortest route, those children will take a good three minutes
That's useless They can't make it.
But more importantly
The underground waterway will probably be blocked off first
They still haven't dealt with Free !!
It's not impossible but.
gh!
And it's hard to move with all these things in the way.
Damn it! This'd be quick if we could kill him!

The feeling's mutual
How useful!
If only
Mihiroglt What are Michel and Yuki doing!?
Free would stop for even a split second...!
Chloé, the flash grenede again!?
Out of stock
That was a device for use in emergencies!
Idiot! Do that later!
We need to think about what to do next!
S
Sorry I was the one that...
stopped!
What should we do...?
We can't get out...!

If so, I'll disable tha power!
Did you say they can't leave?
Give me permission, Nana!
Not all ot you will be able to escape !
Damad
If they do that, we'll get caught up in the blast too !
Can't we just blow up the entire fun!?
NANA!

I can kill him...!
Even if it's in the dark, if he stops...
...Then...
kill Free...

As long as Free remains here, the experiments won't end
Recover the body, disable the power and escape immediately!
If, by any chance, Michel and Yuki are still blocked in it's down to you three
But
There is no excuse for these events not being within the scope of my prediction
I'm so sorry
At the very least, Michel could personally
If Michel, perhaps, could
deal with Free
No

That was his...
...only hope.

Damn!
Damn it!
Yuki!?

Yu..
Stupid bastard!.. Start helping, quickly!
Push it in!
When we give the signel...
Please detonate the explosives!!
We'll get out by ourselves!
We're fine!
If we fail, then Aya finishss him off for you.
You don't know that!
But, if we fail...
Your "somsday"...
...is now!
Is that okay with you?

Yeah...!
chik
Mihiroi-san!

Boss!
What's the fuss about!?
What was that!?
Below us...!
It's urgent An investigati-
It's fine, I'm going!
Explosions in the basement!?
Mr. Manager
Well, well Something terrible seems to be happening

I was just passing...
Si...
Sir Krypton Richard...!?
If you're in a spot of bother...
I could call for Scotland Yard?
What an outrageous thing to say!!
No, this is quite insignificant.
Oh, is that so?
Well then
I would like...
...to enjoy a cup of tea with you.
♡

He's coming!
.....
We'll hold back at the last second!
Our excuses to the boys wouldn't stand up otherwise.
Try not to kill him.
.....
...Sir Krypton.
...You have my gratitude.

Shut up!
I can't mess around in this place with you
Thank you
At least that child
will have the final decision
Yuki and Michel will arrive in 120 seconds!

Translators

I was gifted with a word file of the translation with no real indication whom the original translators were. Since that time I have come to believe the majority of the translations were completed by

Kat (GenkiSchuldich) - Of the now defunct Kindaichi.com
Volume 3 (Chapters 10 - 14), Volume 4 (Chapters 15 - 18), Volume 5 (Chapter 23 - 30), Volume 6 (Chapters 31 - 36)

Unknown Translator - These sections were not labeled and I had no clue how to track down the original source.
Volume 4 (Chapters 19 - 21), Volume 5 (Chapter 22), Volume 6 (Chapters 37)

Jen - I filled in the bubbles for which no translation was provided, compiled the translations for several pages that were missing, and did all of the page editing

Mew - Valuable kanji identifying assistance.
